Cautionary Statement to Owner Obtaining Permit

101.65(lr) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that: If the owner hires a contractor to perform work under the building permit and the contractor is not bonded or insured as required under s.101.654(2)(a), the following consequences might occur: (a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by a negligence of the contractor that occurs in connection with the work performed under the building permit. (b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one and two family dwelling code or an ordinance enacted under sub.(1)(a) because of any bodily injury or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit. It is hereby agreed between the undersigned and the Village of Fredonia that all work performed as herein described, according to the plans and specifications herewith presented, shall be completed in strict compliance with the ordinances of the Village of Fredonia and all the laws of the State of Wisconsin. By signing this permit application, it is understood that a contract exists between the owner and the Village of Fredonia and guarantees the right to enter for the required inspections and investigations. Applicant is obligated to ensure final inspection is made.
