You may notice some discoloration of your water, but running the tap will remedy this. If you have any questions or concerns, please call Village Hall.

- ❖ **N. Wilson Street Road Project** – we are waiting for the contractor to come and reline sewer laterals. Hopefully that will be soon. Water main work is expected towards the end of August. Road reconstruction is anticipated to be done by fall. Stay tuned!
- ❖ **St. John's Men's Bible Study First Annual Car Show!** Saturday, August 21 from 9:30 a.m. – 2:00 p.m. Please stop and see the cool cars, enjoy some food and beverages and have a great time.

- ❖ **We could still use your input** – Every ten years, the village is required to update its Comprehensive Plan. This plan is a tool that helps determine how the village grows. We are looking for citizens to help us with this task. We meet for about an hour or less once a month – the second Monday at 6:00 p.m. This is a non-political group that reviews our current plan and decides if what we have is still relevant or needs to be updated. You do not need experience, nor do you need to attend every meeting. Compensation of \$25.00 per meeting is a small thank you for your time. Please contact village hall if you are interested!
